DETAILED ACTION

1. The Applicants' amendment filed on March 3, 2005 was received. Claims 1-13, 16-17 and 19-20 are deleted. Claims 14-15, 18 and 21-26 are amended. Now, Claims 14-15, 18 and 21-26 are pending.

2. Claim rejection(s) under 35 USC 102 in the previous Office Action (Paper No. 1204) is/are removed.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 14-15, 18 and 21-26 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 14-15, 18 and 21-26 recite the limitation "v" in the formula. There is insufficient antecedent basis for this limitation in the claim.

Claims 14-15, 18 and 21-26 recite the limitation "z" in the 3rd line below the formula. There is insufficient antecedent basis for this limitation in the claim.

5. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

6. Claims 14-15, 18 and 21-26 are rejected under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for the specific linking group between a C₆₋₃₀ aromatic-based substituent and a Si atom on the polyorganosiloxane backbone as described in page 8, does not reasonably provide enablement for any aromatic group that is attached to a Si atom on the polyorganosiloxane via any linking group. The specification does not enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention commensurate in scope with these claims.

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
